The billiard table is generally not an item to be moved regularly; once your room space is allocated it is committed.

The Room Space indicator above shows the space needed for each table size – we recommend you consider it carefully.

If your proposed billiard room space is an irregular shape, or if there are obstructions within it (eg. protruding fireplace), we suggest that you contact us for advice.

Allocating room space is often not simple, particularly where you are planning a multi-use space rather than a dedicated billiard room. The available space may be more than adequate for a desired table size, but if you are planning to incorporate other significant items within it, further space must be allowed.

IF YOU ARE CONCERNED ABOUT ROOM SPACE ISSUES PLEASE FEEL WELCOME TO PROVIDE US WITH YOUR PLANS AND DISCUSS THEM WITH US.
