AS GOOD AS NEW!

REPRODUCTION CIRCULAR CUE STAND WITH SPLAYED FEET. (RESTORED)

BY ALCOCK THOMSON & TAYLOR PTY LTD

From time to time Alcocks make a Cue Stand which captures the essential style of Cue Stands made over 100 years ago.

During the 1990s Alcocks made a limited number of these Stands in Brazilian Mahogany, a timber difficult to obtain for furniture making today.

This style of Cue Stand makes a very pleasant addition to the more traditional style of Billiard room.

We now have one only of these Brazilian Mahogany Cue Stands which is second hand and which we have recently restored.

**Sale Price \$400**

This price compares well with the cost of a new Cue stand of this type which retails for \$695.
